

## Characteristics of the First Cultures

*We don't know what history's first cultures were like other than what is given in the Genesis record and a comment that Jesus made in Matthew 24. When describing the end times, Jesus said, "as the days of Noah were" so would be the days prior to His return (Mt. 24:37). He said, "for as in the days before the flood, they were eating and drinking, marrying and giving in marriage, until the day that Noah entered the ark" (Mt. 24:38).*
