

“He is Faithful, He Will Keep His Promises”

Genesis 12:1-9

Introduction:

Proposition: The Lord God determined to save “the many” by means of “the one.” Out of the whole human race, He called one man to trust His promises and to become the means through which God’s mercy and compassion was fully realized. His life of faith reflected the prayer of Augustine who prayed; “Grant what You command, and command what You does desire.” We are called to walk in the footsteps of faithful Abraham and to trust God’s exceedingly great and precious promises. Do you know them? Do they inform your daily walk and bring you comfort in times of trouble?

I. Faith listens when God speaks

II. Faith obeys even when it does not make sense

III. Faith receives the blessings promised by God
