**Sermon: Hebrews 11:20**

---

**1. The Bible is a very large book that was written over a period of about 1400 years and covers an even greater period of time. As we study God’s Word, we find that His revelation to mankind is progressive. Can you think of several places where this is shown in the book of Hebrews?**

---

---

---

**2. Read Galatians 5:2-6. How would you explain how a command that was required by God and punishable by death come to be of “no advantage?”**

---

---

---

**3. Read Deuteronomy 30:1-10. The sinful heart of man is the problem that must be solved. Who is the one who circumcises the heart in this passage? \_\_\_\_\_ How does such a passage relate to the New Covenant promises that are announced prophesied in Ezekiel 36:25-27?**

---

---

---

**4. Abraham received promises from God. See Genesis 12:1-7. What are the promises?**

---

**5. While there was partial fulfillment of the Abrahamic promises with the generations to come, ultimately, they are fulfilled in his offspring Jesus. Read Galatians 3:16 and Hebrews 8:6. What makes the promises of Christ even better?**

---

---

---

**6. In Genesis 12:1-7 we see that all nations will be blessed by Abraham’s offspring. How does this become a reality through Jesus Christ? See Romans 1:16 and Acts 11:1-18.**
