Now, on with the main subject.

Question: if you were Satan, **how** would *you* usher in the final global kingdom?

I'm not trying to be sacrilegious here. I'm simply asking readers to consider exactly what Satan, who is abject evil, would do to bring about the final secular humanist, God-denying global empire. Clearly, this final kingdom will come to fruition *over a period of time* just as every other empire in history has done.

It's a fair question and one that may help us realize that what is going on with COVID-19 is exactly what Satan is using. As we've noted previously, [the Rapture will likely be the big global event](#) and final push for this coming empire, but surely this final empire is in the works now and has been for decades. COVID-19 is simply something being taken advantage of or used to make it happen more *quickly*.

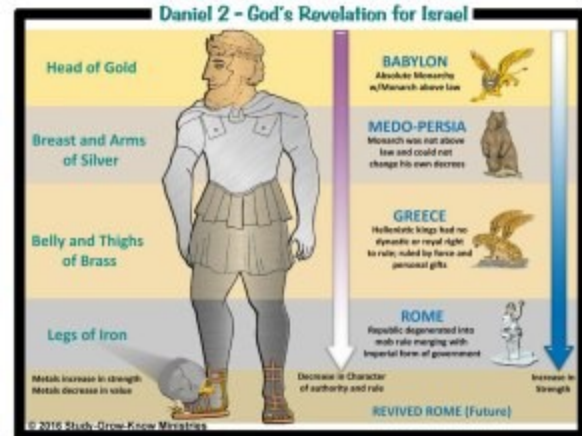

Science

Oscar De La Hoya :
fully vaccinated, gets covid
19 and has to be hospitalized

Joe Rogan :

ivermectin & vitamins beats
covid in 48 hours. Tests
negative by the 4th day

Satan's kingdom is described as *darkness* (**1 John 1:5-7**), and the *domain of darkness* (**Colossians 1:13-14**). Darkness is the opposite of God who is *light* and *truth*. It includes all sinful behavior; murder, lying, cheating, stealing, etc. All sin is the foundation of Satan's domain of darkness. *Nothing* about Satan's kingdom is light or truth. It's all darkness. This is what is beginning to cover the world now in earnest, made possible because of COVID-19 and the thoroughly repressive mandates crippling and enslaving world society.

Daniel 2 introduces us to the final kingdoms that will lead up to the return of our Lord Jesus. You'll no doubt recall the circumstances under which the prophet Daniel was called to Nebuchadnezzar to provide an explanation as to the dream he had that seriously upset him in **Daniel 2:1**.

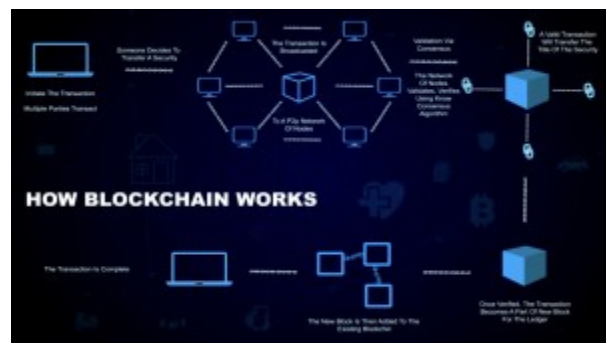

Now in the second year of Nebuchadnezzar's reign, Nebuchadnezzar had dreams; and his spirit was *so* troubled that his sleep left him.

[caption id="attachment_11466" align="alignright" width="300"] *The empires during the "Times of the Gentiles" of Daniel 2*[/caption]

Since not one of Nebuchadnezzar's wise men could provide not only the translation (and Nebuchadnezzar was smart enough to actually demand they provide the *content* of the dream as well), the king gave the order to have all the wise men slain. This order included Daniel.

But Daniel asked what was going on and why the king seemed to be in such a hurry to have all the wise men slain. He learned of the situation and asked that time be given for him to find out the dream and the meaning. It was granted. In **Daniel 2:17-19**, Daniel, along with his three friends (who were later tossed into the fiery furnace), began praying and God provided the dream and interpretation.

The specific empires that Nebuchadnezzar learned of were (**Daniel 2:27-45**):

1. Babylonian - head of gold
2. Medo-Persian - chest and arms of silver
3. Grecian - belly and thighs of bronze
4. Roman - legs of iron
5. Revised Roman - feet part clay, part iron

It is the feet of part clay and part iron that are smashed by the stone made without hands. This of course, is the return of our Lord Jesus who smashes all that remains of the final empire to the wind that will exist when He physically returns.

Historically, we have seen the Babylonian, the Medo-Persian, the Grecian and the Roman empires all come and fall. Many conservative Bible scholars believe the Roman Empire did not fully fall but remains to some extent in modern day Europe. We know that it took hundreds and hundreds of years for the actual Roman Empire to break apart, but remnants remain.

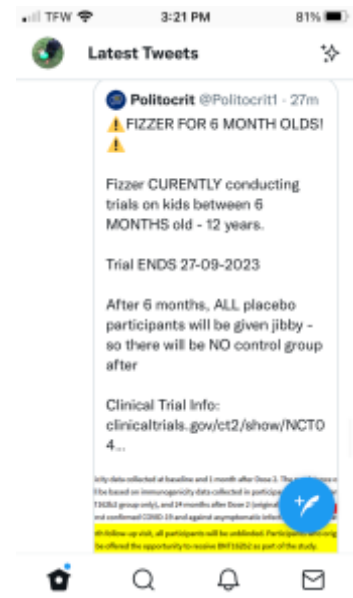

Here we are in 2021 and what we see on the biblical landscape is the coalescing of the final "revised Roman" empire on the horizon. This final secular humanistic empire will be headed up by Antichrist and will literally fill the entire world. It will be truly global. In many ways, the previous four empires were also "global" because they ruled the then *known* world. With each new empire, it absorbed the previous one and extended its reach until the Roman Empire went all the way to what is now Great Britain in the north and south to the top portion of Africa.

The final coming empire will be much easier to control *because* of the technology that exists today. Whether people want to think about it or not, society has come under far greater measures of surveillance than at any other time in history. In fact, the measures for greater surveillance are increasing at a very fast pace.

Because of smart phones, GPS watches and the proliferation of security cameras in many cities (and homes), people can be tracked very easily in real time like never before. Obviously, these things were not available to all previous empires mentioned in **Daniel 2**, but they are now. Because of these forms of surveillance, most of us don't even think about the fact that anyone who has access to satellites can see where we are and what we're doing.

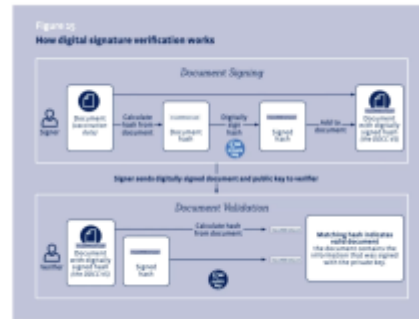

We know also that as far as the many social networks on the Internet, the tracking continues there as well. In fact, our very written words are seen, recorded, digested and in many cases, are cause for censoring, shadow-banning or outright banning. Things will likely get progressively worse as the *controllers* tighten things down over we, the *controlled*.

Do we really believe that Satan's final secular humanistic empire will simply appear all of a sudden overnight, out of nowhere with no foundation upon which it is to be built? Obviously, we cannot be going on normally one day and then the next - poof! - *The Revised Roman Empire* magically appears. This final kingdom, like the previous kingdoms, will come into existence *incrementally*, until an event occurs that catapults the final form of this coming kingdom onto the world's stage. I've noted previously that I [believe this major event is the Rapture](#), which will throw the world into absolute disarray and reassuring voices will need to step up to assuage the world's fears. There will be calls to work together now that the "malcontents" (Christians) are

gone because now nothing holds the world back. This will also allow the Antichrist to be revealed (**2 Thessalonians 2**).

But before this can happen, a foundation needs to be created and in place. I believe that foundation is happening now in earnest and has been since before the inception of COVID-19, but seriously ramped up since we first heard of CV-19. Who would have thought prior to January 2020 that the world would be at this point where we are seeing more and more businesses mandating all employees have the CV-19 injection(s) or be terminated? The message has been that it is the unvaxxed who are spreading CV, while in reality, it is the vaxxed who are doing that (check the links above for more information and links in previous articles).

According to JD Farag (see "Forest" link above), Hawaii is starting a "60 day" rule where a person cannot go into most places (grocery stores and farmer's markets are exempt), without proof of vaccine or test showing negative to CV-19 within the past 48 hours. This kind of fascism is beyond the pale and exactly what is forcing the world to kowtow to powers that be to usher in the "great reset."

If you take the time to go through the links I've included above, you'll learn that doctors and other medical professionals are all extremely concerned about the way they believe we are being lied to and caution is being thrown to the wind. In fact, Dr. Bryon Ardis (linked above), verbally cold-cocks Dr. Anthony Fauci for what he believes has been the deliberate attempt to make CV-19 appear much worse than it is by prescribing Remdesivir to people in the hospital based on Fauci's own citing of an Ebola study where the drug was used. What Fauci did not tell anyone is that Remdesivir was actually pulled because of the harm/deaths it caused in the Ebola study.

In fact, as Dr. Byron Ardis explains in the video linked above, Remdesivir is what he believes is causing the majority of deaths in the USA for people hospitalized and treated for CV-19. Health officials have been and continue to tell us that the culprit is actually COVID-19, but Ardis explains that people are actually dying from the things *caused* by Remdesivir. I encourage you to watch it for yourself and then continue researching.

But all of this related to CV-19 - the deaths, the injuries, the vax, the coming boosters and the rest of it - is all serving a united purpose. That purpose is to create the very foundation upon which the final empire will rise.

In Dr. Carrie Madej's interview (above), she talks about the growing surveillance of people as well as the increased amount of control exercised over global society. She also discusses "Nanotechnology" that will allow people to have an app on their phones that will literally download drugs and/or information into their systems via that embedded Nanotechnology in their bodies. This is being highlighted as extremely good and beneficial for people because it will all be done through the use of artificial intelligence (AI), injected into our bodies. It will result in making physical doctors obsolete because everything will be driven by computer and computer

codes downloaded into our "systems." She also talks about what she personally has seen under the compound microscope related to the CV-19 vax and it's a bit hair-raising.

I fully realize this sounds like science-fiction, but for anyone who has read anything produced by Klaus Schwab's World Economic Forum (WEC), it is *not* sci-fi, but is something that is being put in place. This also is part of the foundation for the coming final global empire. The whole of global society will be *controlled* by the *controllers*, so why would they tell us the actual reason for what they are doing? Does Satan ever let his followers know the *real* reason he does anything? Of course not. He obfuscates the truth with a mixture of lies and truth, but mainly lies. His goals are to utterly control the world. You fill in the blanks regarding how he's going to do that but base it on Scripture please.

The final global empire is in front of us and because of that, it is sometimes difficult to believe that our "dear" leaders actually want the best for us in spite of what people may want to believe. In reality, the controllers work in conjunction with Satan (whether they do so knowingly or unknowingly), to help bring a new world order (NWO) to fruition.

In order for this NWO to come into existence the world over, the foundation for it is being carefully laid now. If we can understand that this is what is occurring, we will be better equipped to know what we should avoid.

What I've been learning over the past 18 months or so is that I'm finding this world is lacking a great deal of luster. There are too many things I simply don't want to participate in anymore. The movies and television coming out of Hollywood are nothing I'm interested in. My wife and I pick and choose what we watch through our Roku TV. We rarely have to watch commercials except on YouTube, which I "skip" as quickly as possible.

For me, camping in our pop-up, getting together with family and like-minded friends and enjoying fellowship at our new church is what we enjoy. I truly feel as though we have walked away from Babylon and I'm extremely glad.

I'm also focusing much more on the coming of our Lord, which, according to my understanding of Scripture, could be any day. When I'm *not* focusing on His return, I notice that the cares, concerns and worries of this world eat at me. Once I realize what's going on, I then force myself to start repeating memorized Scripture to myself to get my thinking focused on where it should be.

How do you deal with the anxieties of life and cares of this world? My wife goes to a pop-up camping site on a social network and it appears many campers are Christians. But what always amazes me is when she comes across the question posted by someone, "*What's a good devotional?*" It's been *years* since I used a separate devotional book that quotes a verse or two of Scripture for each new day then provides a quick commentary. My wife and I spend every morning reading His Word, then we often look at the commentary/notes from a variety of Bible scholars. When I first began reading His Word daily years ago, I recall not much sinking in. Now, years later, I tend to spend more active time thinking about what I've read during the day.

It has made a big difference as my focus is more on Jesus, things to come, and the culmination of all things.

The clear truth appears to be that the Lord is separating authentic Christians from inauthentic ones. If you do not know the Lord, then I'd like to strongly suggest that you make sure you are saved and like any relationship, it is incumbent upon each person to *work* at deepening our relationship with Jesus. It requires effort on our part. This is exactly what Paul means when he tells believers to work out your salvation with fear and trembling (**Philippians 2:12**). We do *not* work to *gain* salvation. We work on our relationship with Jesus. That means we read His Word daily. We pray often seeking His will and submitting ourselves to Him. It means we are deliberate in our relationship with Jesus just as we are deliberate with other relationships that are important to us.

But if you are not sure that you know Jesus, I'd like to recommend that you go through this particular page on [gaining salvation](#). If you have any questions, please post a comment and I'll respond to you.

May the Lord bless and keep you!
