

Jesus Came, So What?
1 John 4:9-10

How do you know what love is? How do you measure it?

What is love?

The Love of God Revealed
Manifest among us

The Love of God existed before

God sent his son into the World

Sent, he existed before.

Into the world

His unique son

He came to fulfill God's promise

Why did he send his unique, well loved son?

So that we might have life.

This is Love

What is the greatest example of love?

God did not love the loveable.

What is Propitiation?

The turning away of wrath by an offering.

God's love is self-generated. He finds the reason in himself, not in us.

God, do you really love?

God, do you love me?

God, what would you have me to do?
