What is the church to do? What is the mission of the church?

The church is to be a disciple making factory.

What is a fire station for?

There are prerequisites for a disciples making church:

A disciple making church must have confidence in the gospel

Confidence that the gospel is needed

How do you look at the world around you?

Confidence that the gospel can bring new life.

Confidence that the gospel can bring new life to all people, even the worst.

Confidence that the gospel can nurture spiritual life in believers.

A disciple making church must be compelled by the Love of Christ.

In this passage, whose love is it talking about? (2 Cor 5:14)

Does the love of Christ amaze you?

The love of Christ motivates us to do what, exactly?

To make disciples

A disciple making church must be committed to the Great Commission (Matt 28:19-20)

We have a single focus. We bring glory to God by fulfilling the great commission

We are in the disciple making business.
